

ROOTS TO  
REGENERATION

PLANTON  
FARM

# Tues 3rd - Thurs 5th June 2025

## Arrival

**Campers** – please arrive between 3pm on Monday 2<sup>nd</sup> and 9am on Tuesday 3<sup>rd</sup> in order to get set up as there will not be time during sessions once we start at 10am on the 3<sup>rd</sup> June.

**Non-Campers** – please arrive by 10am on Tuesday 3<sup>rd</sup> where we will share a drink and a snack, reconnect and get ready for the days sessions.

The full address is Planton Court, Coreley, Ludlow, Shropshire SY8 3AR.

The what 3 words for the farm entrance is **///light.mystery.neckline**

Please take a few extra minutes for the last few miles as its single track road. Keep an eye out for passing places so you know where to reverse back to if you meet a trailer.

Non-camping  
parking

Camping  
Parking

## Departure

2pm on Thursday 5<sup>th</sup>, after lunch.

## Accommodation Options

**Camping** is available on the farm. We have a modern toilet/shower for use by campers and additional toilet facilities will be provided through portaloos.

Wild wees are also acceptable!

Water - Running potable water is available in the camping field.

Electricity - We have plugs in the main shed so that devices can be charged but we don't have any electric hook up points in the camping field.

## Camping alternatives:

Hotel - Hopton Crown is 2 miles away.

Hotel - Travelodge is 7 miles away.

Glamping - Woodland Escapes is 4 miles away.

## Four legged friends

Well behaved dogs are welcome to join you. We have a couple of kennels if these are useful. Also a dog hotel on our doorstep! Hillside Dog Hotel

## Clothing/Footwear

This will be a much more rustic visit than 42 Acres and we will spend every day outdoors. Meals Will be outside or in a barn depending on the weather.

Therefore please dress accordingly with layers and options for weather changes. We are fairly elevated at between 700 and 900 feet above sea level and so it can be a lot colder and windier with us even compared to Ludlow which is seven miles away.

Because we are tall grass grazing, one of the beauties of it is water capture, even just from dew and so the grass is wet even when it hasn't rained. Please be mindful of this when selecting footwear.
